Applications:

Not only are these Calf Pen Units easy to clean, but they are also weather resistant, ensuring that they can withstand any climate. The durable material ensures that these Cowshed Parts will last for years to come, even with daily use.

The HL-MP10D-5 Calf Hutch Parts are perfect for a variety of usage scenarios. Whether you need to fill them with water, milk, or food to feed calves, these units are designed with convenience in mind. The stainless steel material is easy to clean, making it simple to maintain a hygienic environment for your animals.

These Calf Hutch Parts are ideal for use in a range of applications. For farmers and ranchers, they provide a safe and secure space for young calves to grow and thrive. In addition, they are perfect for use in veterinary clinics or animal sanctuaries, providing a comfortable and clean environment for animals in need of care.

Overall, the Chuangpu HL-MP10D-5 Calf Hutch Parts are an excellent investment for anyone who works with animals. Their durability, weather resistance, and compatibility with the Calf Hutch make them a versatile and essential addition to any farm or animal care facility.

THICKENING INTEGRAL MOLDING BASIN

Resistance to fall and deformation

The basin mouth is specially made to widen the curling edge, which has a certain effect of anti-collision and impact resistance, so that the stainless steel basin can be used for a long time.

Stainless Steel Basin

Integral molding design,
Corrosion resistant, more robust and durable
